Residential Site Plan Review

A site plan is a birds' eye view of a property. A site plan for residential use may include construction of a new structure, additions to structure, accessory structure, deck, fence, architectural projections, or additional required approvals under Chapter 155 of the Hillsboro Zoning Code.

*Please provide the following information when turning in documents for review
Additional information may be requested by Safety and Service Director, Planning Commission, or City Council*

Additional approvals or permits may be required

- ☐ Proposed structure with dimensions
- ☐ Distance from all other existing structures on site
- ☐ Lot area/width
- ☐ Set-backs of side/front/rear lot lines from proposed structure
- ☐ Proposed placement of fence including height, length, and material
- ☐ Proposed signage including size, type, and placement
