

PUBLIC HEARING

Council President Lee Koogler opened the Hearing at 6:30pm. The purpose of the Hearing was to discuss the vacation of two alleys (an alley on Bigelow and one being an alley of Park Avenue.)

Mr. Koogler opened up the floor for citizens to speak.

Kristy Wilkin, who was there in support of vacating the alley on Bigelow Street stated that the survey already shows that this alley has been vacated. She mentioned that if you pull onto the property you will see that the alley runs through a large parking lot. The parking lot has been there for quite some time. She requested that approve the vacation because there was a closing pending on it.

Citizen did not state name. She was questioning the parcel numbers on the Park Avenue. Mel McKenzie offered help in showing her that the alley she was concerned about was not the alley in question.
