

PUBLIC HEARING

Council President Lee Koogler opened the Hearing at 6:45pm. The purpose of the Hearing was to discuss the Annual Tax Budget.

Mr. Koogler opened up the floor for Gary Lewis, Auditor to explain the Annual Tax Budget to the Council Members and public.

Mr. Lewis explained that this was something that needed to be adopted every year. It gives a projected budget for the upcoming year. He said that the supervisors give a wish list of things that will be wanted or needed. All of those wants/needs are in the Tax Budget, which makes the expenditures and the revenues somewhat over stated, but the document serves to show the County that the City is using the real estate payments that are sent to us on a bi-annual basis. It is also used for a framework for a more realistic budget at the end of the year.

No Citizens or Council Members had any questions for Mr. Lewis.

ADJOURN

Meeting was adjourned at 6:52pm.
