

## Definitions:

- **Goal:** A desired end state. Where we want to be when we've accomplished what we set out to do.
- **Objective:** A measurable action to achieve a stated goal.
- **Strategy/Tactic:** A specific program, policy, action, or funding source to be used to move the indicators on an objective.
- **Metric:** The data or indicator that can be measured to determine progress on an objective. i.e. unemployment rate, vacancy rates, number of users, number of dollars, etc.

## Draft Thematic Goals and Objectives

These themes and goals are the second draft of language to guide the creation of plan recommendations for Hillsboro. These statements were created based on the issues and opportunities shared by the community in the vision and values survey, and the discussion with the steering committee in November 2018. The changes to the December 10 draft are shown as redline edits.

We had six (6) committee members rank and rate their level of support for these goals. They are shown in order from top priority to lowest priority. The average score of support is shown. The closer to 5 this number is the more support there was for the goal.
